Participating in the Regulatory Process

The Fish and Game Commission is composed of five members who are appointed by the Governor and confirmed by the State Senate. The Commission sets hunting and sport fishing regulations including seasons, bag limits, methods and areas of take. In addition, the Commission formulates general policies for the Department of Fish and Game and regulates aspects of commercial fishing. Monthly topical meetings are held to hear regulation change proposals. The public may make recommendations in writing before a Commission meeting or present its proposals verbally at the meeting. The Commission's meeting schedule, including specific topics, dates and locations, is posted on their web site www.fgc.ca.gov.

Written comments can be directed to the Fish and Game Commission at 1416 Ninth Street, Room 1320, Sacramento, CA 95814, or by e-mail to fgc@dfg.ca.gov. Comments sent by e-mail must include a full name and mailing address.

HIP Stamp Required

If you plan to hunt migratory game birds in 2006/2007 (ducks, geese, coots, dove, band-tailed pigeon, snipe, gallinules or black brant), you must complete a Harvest Information Program (HIP) survey and affix a free HIP Stamp to your California Hunting License. HIP surveys and stamps are available at license agents. Hunters may be cited for hunting migratory game birds without a HIP stamp affixed to their license.

Validation of Licenses

To be valid, every California hunting or sport fishing license shall be signed by the licensee, and the license or validation stamp shall show the date of issue. In addition, the license shall contain the following information about the applicant: true name, residence address, date of birth, height, color of eyes, color of hair, weight, sex and, if available, driver's license number, or DMV I.D. number.

License Provisions

A California hunting license is required for taking any bird or mammal. Hunters must carry licenses and be prepared to show them on request (Section 700, Title 14, CCR). Guns and other equipment used in hunting must be shown on request. A trapping license is required to sell furs of furbearing mammals and nongame mammals, regardless of the method of take. Fur buyers and fur agents: See Section 696, Title 14, California Code of Regulations; contact your nearest DFG License Sale Office.

Residency: A resident is defined as any person who has resided continuously in California for six months immediately before the date of application for a license, tag or permit; persons on active duty with the armed forces of the United States or an auxiliary branch; or Job Corps enrollees.

Duplicate Hunting Licenses

California hunting licenses come with an Application for Duplicate. If you lose your hunting license, you must turn in your Application For Duplicate and pay the appropriate fee at a license agent or DFG License Sales Office to obtain a duplicate.

Keep your Application For Duplicate in a safe place! If you lose your license and your Application for Duplicate, you must pay the full fee to replace your license.

Refunds

California resident and nonresident hunting licenses are nonrefundable.

Hunter Education Requirement

Licenses shall be issued to hunters only upon presentation of one of the following: Evidence that he or she has held a hunting license issued by this state in a prior year; a two day California nonresident hunting license issued after the 1999/2000 license year; a California hunter education completion or equivalency certificate; a certificate of competence or completion of a hunter education training course from any state or Canadian province; or a current year hunting license from any state. A California hunter education validation stamp must be affixed to hunter education certificates from California.

For further information, contact any DFG License Sale Office or license agent.

A California hunter education validation stamp must be affixed to hunter education certificates from California.

Hunter Education Validation

Stamp	\$3.40
Duplicate California Hunter Education Certificates*	\$4.50

For information on classes, contact any DFG Office or check online at: www.dfg.ca.gov/huntered.

*Certificates issued after 1989.

Disabled Veteran Hunting Licenses

A reduced-fee hunting license is available for qualified disabled veterans. To be eligible, applicants must submit: (1) a letter from the Veterans Administration verifying that the applicant has a 50 percent or greater service-connected disability and was honorably discharged from the United States armed forces; and (2) evidence of meeting California hunter education requirements. Applicants renewing this license may submit their disabled veteran hunting license from the previous year as proof of meeting eligibility requirements. The reduced-fee provisions do not apply to hunting tags or species stamps.

Disabled Veteran Hunting Licenses are issued only through DFG License Sale Offices.

- Boundary change for Northeastern California Zone
- Mallard bag limit is 7 per day with no more than 2 hens
- Pintail and canvasback seasons are the same length as the duck season in all zones
- White-fronted goose bag limits increased in Northeastern California, Balance of State and Southern San Joaquin Valley zones
- Large Canada goose limits increased in Balance of State Zone
- A special Late Season for Small Canada geese will occur in Humboldt and Del Norte counties on private lands
- Brant season increased in length to 30 days

Statewide and Zone Waterfowl Regulations

502. Waterfowl, Migratory; American Coot and Common Moorhen (Common Gallinule).

(a) Definitions.

(1) Dark geese. Dark geese include Canada geese, cackling geese, Aleutian geese and white-fronted geese ("specklebelly").

(2) Large Canada geese. Large Canada geese include western Canada geese ("honker") and lesser Canada geese ("lessers").

(3) Small Canada geese. Small (about the size of a mallard) Canada geese include cackling geese and Aleutian geese. Both are white-cheeked geese nearly identical in appearance to Large Canada geese. Aleutian geese have a thin white neck ring and Cackling geese have dark breasts. Both species have a high-pitched cackle as opposed to the deeper "honking".

(4) White geese. White geese include Ross' geese and snow geese.

(b) Waterfowl Hunting Zones.

(1) **Northeastern California Zone:** In that portion of California lying east and north of a line beginning at the intersection of Interstate 5 with the California-Oregon line; south along

Daily bag limit: 3 Daily bag limit makeup: • Either all of 1 species or a mixture of species allowed for take. Possession limit: 6

505. Decoys.

The use of live birds as decoys is prohibited.

506. Shooting Hours.

Shooting hours for migratory game birds, including mourning doves, white-winged doves, band-tailed pigeons, American coots, common moorhens, common snipe (jacksnipe), and waterfowl for all of California shall be from one-half hour before sunrise to sunset.

Exception: In areas open to hunting on, over or adjacent to the waters of Morro Bay, San Luis Obispo County, the shooting time shall be from 7:00 a.m. to sunset.

507. Provisions Related to the Taking of Migratory Game Birds.

(a) Authorized Methods.

Only the following methods may be used to take migratory game birds:

- (1) Falconry.
- (2) Bow and Arrows or Crossbows. Only arrows or crossbow bolts with flu-flu fletching may be used except that conventionally fletched arrows may be used to take waterfowl sitting on the water from scullboats or similar watercraft. Archers hunting during any archery season may not possess a firearm while in the field engaged in archery hunting.
- (3) Muzzle-loading Shotguns.
- (4) Shotguns 10 Gauge or Smaller. Shotguns 10 gauge or smaller using shot shells only and incapable of holding more than three shells in the magazine and chamber combined may be used, except no shotgun larger than 12 gauge shall be used in areas open to hunting on, over or adjacent to the waters of Morro Bay, San Luis Obispo County. If a plug is used to reduce the capacity of a magazine to fulfill the requirements of this section, the plug must be of one piece construction incapable of removal without disassembling the gun. Shotgun shells may not be used or possessed that contain shot size larger than No. BB in lead or T shot in steel or other nontoxic shot approved by the U.S. Fish and Wildlife Service. All shot shall be loose in the shell.

(b) Use of Dogs.

Dogs may be used to take and retrieve migratory game birds.

(c) Prohibition on Electronic or Mechanically-operated Devices.

Electronic or mechanically-operated calling or sound-reproducing devices are prohibited when attempting to take migratory game birds. It is unlawful to use electronic or mechanically-

operated spinning blade devices or spinning wing decoys when attempting to take waterfowl from the start of waterfowl season through November 30. For the purposes of this regulation, wind-powered spinning blade devices and kites are not prohibited.

(d) Live Decoy Prohibition.

The use of live decoys is prohibited when attempting to take migratory game birds.

507.1 Nontoxic Shot Requirement for Waterfowl, American Coot and Common Moorhen Hunting.

Only steel, nickel-plated steel, tin, copper-plated steel, zinc chromate-plated steel, zinc chloride-plated steel, bismuth-tin, tungsten matrix, tungsten polymer, tungsten iron, tungsten-nickel-iron, tungsten-tin-iron-nickel, tungsten-bronze, and tungsten-tin-bismuth or other nontoxic shot approved by the U.S. Fish and Wildlife Service may be used or possessed for waterfowl, American coot and common moorhen hunting statewide.

NOTE: The U.S. Fish and Wildlife Service reviews and may approve applications for other types of non-toxic shot throughout the year. Other non-toxic shot types that may have been approved after the publication of this booklet may be found at: http://migratorybirds.fws.gov/issues/nontoxic_shot/nontoxic.htm.

507.5. Scull Boats.

Migratory game birds may not be taken by a scull boat or similar watercraft while under motorized power. The motor shall be removed from its mountings before any take or approach is attempted.

This section shall not prohibit shooting migratory game birds from scull boats or similar watercraft with motor attached if beached or anchored; nor shall it prohibit the use of a motor for the sole purpose of picking up dead or injured birds.

509. Concurrence with Federal Regulations.

The regulations adopted by the United States through its Secretary of Interior under the Migratory Bird Treaty Act, as amended annually in Part 10, subparts A and B, and Part 20, Title 50, Code of Federal Regulations, are hereby adopted and made a part of this Title 14 except where said federal regulations are less restrictive than the provisions of Chapter 7 of this Title 14 (Sections 500-509), the provisions of Chapter 7 prevail.

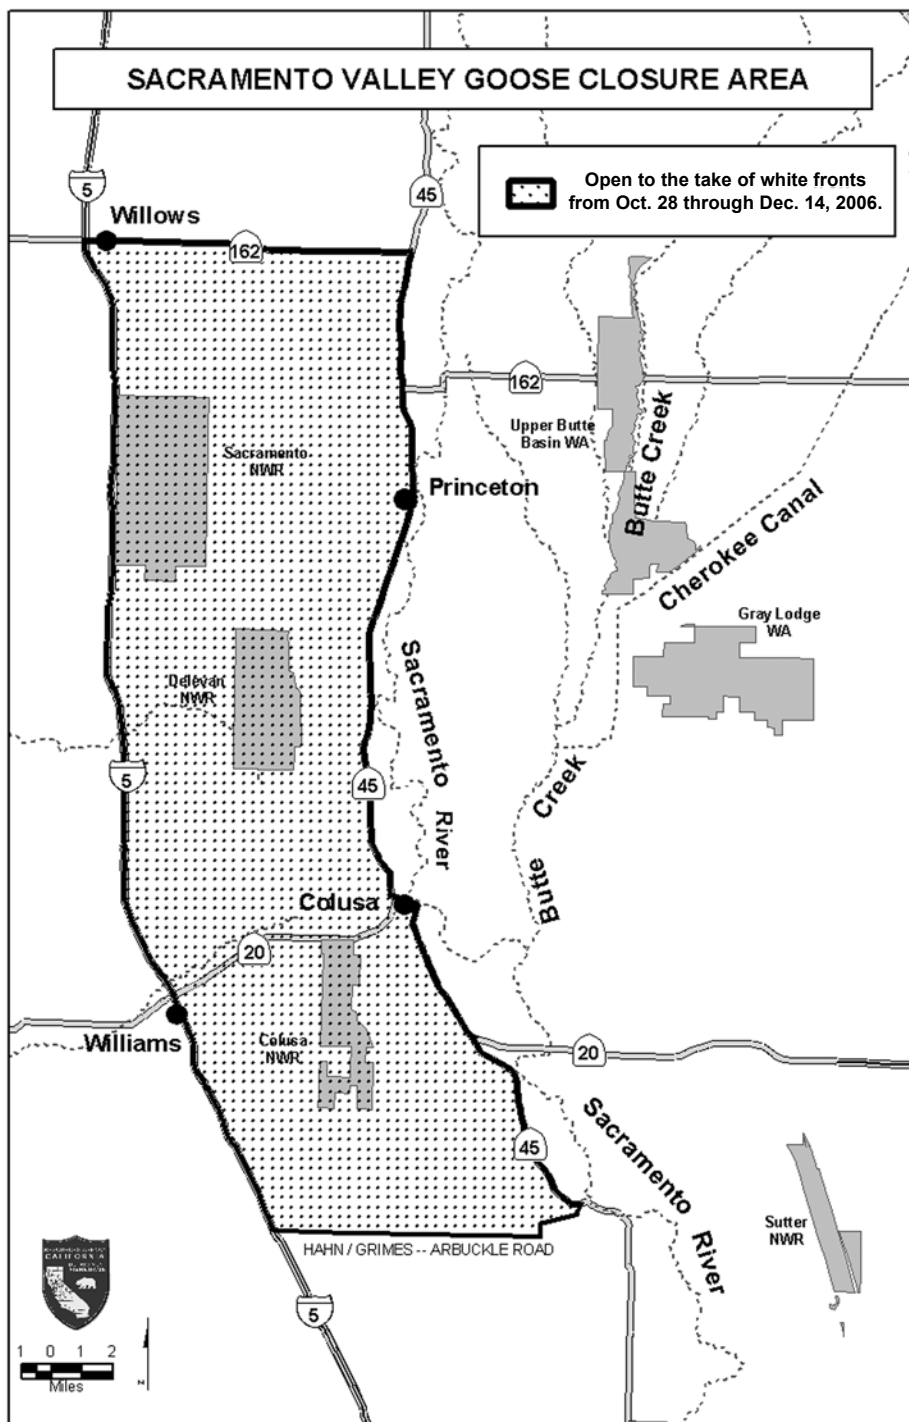

510. State Duck Stamp.

Any adult license holder taking ducks, geese, or brant must have a current state duck stamp affixed to their license.

SACRAMENTO VALLEY GOOSE CLOSURE AREA

Open to the take of white fronts
from Oct. 28 through Dec. 14, 2006.

Waterfowl

Waterfowl Consumption Health Warnings

The California Environmental Protection Agency's Office of Environmental Health Hazard Assessment (OEHHA) determines whether a public health hazard may exist from consumption of waterfowl taken from certain locations in California based on laboratory testing data. The following advisories have been issued. The guidelines are based on risk estimates that assume long-term consumption; thus, occasional intake of duck meat slightly above the recommended quantitative limits is not expected to produce a health hazard.

Grasslands area (Western Merced County)

Because of elevated selenium levels, no one should eat more than 4 oz. of duck meat from the Grasslands area in any two-week period. No one should eat livers of duck from the area.

Suisun Bay (Contra Costa and Solano Counties)

Because of elevated selenium levels, no one should eat more than 4 oz. per week of (greater and lesser) scaup meat, or more than 4 oz. of scoter meat in any two week period. No one should eat livers of duck from the area.

San Pablo Bay (Contra Costa, Marin, Solano, Sonoma Counties)

Because of elevated selenium levels, no one should eat more than 4 oz. per week of greater scaup meat, or more than 4 oz. of scoter meat in any two-week period from the bay. No one should eat livers of duck from the area.

San Francisco Bay (Alameda, Contra Costa, Marin, San Francisco, San Mateo, Santa Clara Counties)

Because of elevated selenium levels, no one should eat more than 4 oz. per week of greater scaup meat from the central bay, or more than 4 oz. of greater scaup meat from the south bay in any two-week period. No one should eat livers of duck from the area.

UPLAND GAME REGULATIONS

257. Resident Small Game Defined.

"Resident small game" means the following resident game birds: Chinese spotted doves, ringed turtledoves of the family Columbidae, California quail and varieties thereof, Gambel or desert quail, mountain quail and varieties thereof, blue grouse and varieties thereof, ruffed grouse, sage grouse (sage hens), whitetailed ptarmigan, Hungarian partridges, redlegged partridges, including the chukar and other varieties, ring-necked pheasants and varieties, and wild turkeys of the order Galliformes; and the following game mammals: jackrabbits and varying hares (genus *Lepus*), cottontail rabbits, brush rabbits, pigmy rabbits (genus *Sylvilagus*), and tree squirrels (genus *Sciurus* and *Tamiasciurus*).

310.5. Shooting Hours for Upland Game Birds.

The shooting hours for all upland game birds, except for pheasants and the spring wild turkey season, shall be from one-half hour before sunrise to sunset. The shooting hours for pheasants shall be from 8:00 a.m. to sunset. The shooting hours for the spring wild turkey season shall be from one-half hour before sunrise to 4:00 p.m.

311. Methods Authorized for Taking Resident Small Game.

Only the following may be used to take resident small game:

(a) Shotguns 10 gauge or smaller using shot shells only and incapable of holding more than three shells in the magazine and chamber combined. If a plug is used to reduce the capacity of a magazine to fulfill the requirements of this section, the plug must be of one piece construction incapable of removal without disassembling the gun;

(b) Shotgun shells may not be used or possessed that contain shot size larger than No. BB, except that shot size larger than No. 2 may not be used or possessed when taking wild turkey. All shot shall be loose in the shell.

(c) Muzzle-loading shotguns;

(d) Falconry;

(e) Bow and arrow (see Section 354 for archery equipment regulations);

(f) Air rifles firing pellets and powered by compressed air or gas (0.20 caliber minimum for taking wild turkey); and firearm rifles and pistols for taking rabbits and squirrels, except in Los Angeles County, in addition to the methods listed in (a), (b), (c), (d) and (e) above;

(g) In San Diego and Orange Counties only, rabbits may be taken at any time during the open season by means of box traps. Such traps shall not exceed 24 inches in any dimension, shall be tended at least once every 24 hours, and shall show the name and address of the trap owner. All rabbits taken under this section shall be immediately killed and become a part of the daily bag limit;

(h) Electronic or mechanically-operated calling or sound-reproducing devices are prohibited when attempting to take resident game birds;

(i) Coursing dogs may be used to take rabbits;

(j) Archers hunting during any archery season may not possess a firearm while in the field engaged in archery hunting during an archery season;

(k) The use of live decoys is prohibited when attempting to take resident game birds;

(l) Pistols and revolvers may be used to take blue and ruffed grouse in those counties only and for the season described in Section 300 (a)(1)(E).

(m) Crossbows, except for provisions of Section 354(d) and (g).

(n) Dogs may be used to take and retrieve resident small game.

313. Upland Game Bird Stamp.

Any adult license holder taking resident game birds including Chinese spotted doves, ringed turtle doves, of the family Columbidae; California quail and varieties thereof, Gambel's or desert quail, mountain quail and varieties thereof; blue, ruffed, and sage grouse, white-tailed ptarmigan, Hungarian partridges, red-legged partridges including the chukar and other varieties; ring-necked pheasants and varieties; and wild turkeys of the order Galliformes; and migratory game birds including common snipe, western mourning doves, white-winged doves, and bandtailed pigeons must have a current state upland game stamp affixed to their license.

BLUE AND RUFFED GROUSE HUNT ZONES

BAND-TAILED PIGEON HUNT ZONES

SQUIRREL HUNT ZONES

HUNTING AND OTHER PUBLIC USES ON STATE AND FEDERAL AREAS

A number of state wildlife areas and national wildlife refuges have hunting blinds designated for use by mobility impaired hunters. A "mobility impaired hunter" is defined as any person who has been issued a Department of Motor Vehicles "Disabled license plate, or permanent parking placard identification card," or a "Disabled Veteran" license plate, a valid "Mobility Impaired Disabled Persons Motor Vehicle Hunting License" (FG form 1460).

The blue plastic "Disabled Parking Placard" may not be substituted for the required "Identification Card" which bears the name of the mobility impaired person. disabled hunters must provide the registration certificate for DMV issued disabled license plates.

Disabled accessible blind sites exist at the following areas:

National Wildlife Refuges: Sacramento (3), Delevan (3), Merced (1), Kern (2), Kesterson (1).

State Wildlife Areas: Gray Lodge (4), Grizzly Island (2), Imperial/Sonny Bono Salton Sea (4), Mendota (6), Los Banos (2), San Jacinto (2), Shasta Valley (1), North Grasslands Wildlife Area (2), Upper Butte Basin (5), Yolo Bypass (1).

Additional areas with access to ponds: Colusa (2 ponds). Details regarding facilities at each location can be obtained by phoning the information number listed in this booklet for each area.

Disabled accessible blind sites not filled through the reservation draw conducted by the Department's License and Revenue Branch, will be filled through an on-site lottery draw or by a disabled only first-come, first-served waiting list or line. Disabled hunters who enter the first-come, first-served waiting list or line, may not enter any first-come, first-served list or line, on the wildlife area or refuge for that hunt day.

IMPORTANT NOTE: In addition to the regulations on shot size found in Section 551 (b)(3), the use or possession of shot size larger than BB in non-toxic shot other than steel is prohibited on State and Federal wildlife areas.

Reservation System

Reservations to hunt on specified State-controlled hunting areas during the waterfowl and pheasant seasons are issued by drawing. Resident, junior and nonresident licensed hunters may apply. Hunters may apply as many times per season as desired but no more than once for each area for each shoot day. Application forms are available through DFG offices and license agents.

Each reservation assures entry to the area selected for the date issued. Except as noted below, a reservation shall assure entry for up to six persons including the person in whose name the reservation was issued. No more than two persons may be hunters who have adult licenses. Each person who is at least 18 years of age may be accompanied by up to two hunters holding junior licenses or two nonshooters or one of each.

Areas with reservation procedures that differ from those described above are Delevan; the Kesterson, Blue Goose and Freitas Units of the San Luis National Wildlife Refuge; Merced and Sacramento National Wildlife Refuges; the Wister Unit of the Imperial Wildlife Area; the Salt Slough Unit of the North Grasslands Wildlife

Area, and the San Jacinto Wildlife Areas. For Zone 50 at the Salt Slough Unit of the North Grasslands Wildlife Area, each reservation assures entry of up to three persons.

For the Sacramento and Delevan National Wildlife Refuges, and zone 13 at the Salt Slough Unit of North Grasslands Wildlife Area, each reservation assures entry for up to four individuals, whether adult hunters, junior hunters, or non-shooters. For the San Jacinto Wildlife Area, each reservation assures entry for no more than two adult and two junior hunters. For the Wister Unit of the Imperial Wildlife Area, each reservation assures entry for up to six people, but no more than four adult hunters (see area information). For Merced National Wildlife Refuge, each reservation assures entry for up to two persons in the two person blinds, or up to three persons in the three person blinds. For the Kesterson and Blue Goose Units of the San Luis National Wildlife Refuge, each reservation assures entry of no more than three persons if three-person blinds are available, or two persons if two-person blinds are available. For the Freitas Units, (north and south), each reservation assures entry of one boat with up to

four persons. Reservations are nontransferable. Refunds will not be issued for emergency area closures due to unforeseen weather or other conditions. Reservations for areas that are closed due to flooding will not be accepted at other areas.

Numbered reservations will be honored in numerical order, at the time the check station starts issuing permits for the hunt day. Reservationholders must be present at the time their reservation number is called.

HOW TO APPLY: Reservation applicants can purchase either a one-choice application or a five choice application, or may apply for every available Saturday, Sunday and/or Wednesday by completing a season-long application card and returning it with appropriate payment to the License and Revenue Branch. To be included in the drawing, completed applications must be received at the Department's License and Revenue Branch, 3211 S Street, Sacramento, 95816, or at the address indicated on the application at least 17 days before the hunt date requested.

Disabled hunters may apply for a drawing to hunt at disabled accessible hunting sites by entering the hunt code for the desired disabled accessible hunting site on their reservation application. To apply, hunters must meet the requirements to hunt at a disabled accessible hunting site (see page 2). Hunters who apply for a disabled accessible hunting site at a given area

may not apply for any other reservation draw for that area on that date.

HUNTING AREA PERMIT/PASSES: Except for persons hunting on most Type C areas [see subsection 551(q) for exceptions] or hunting under the authority of a junior hunting license, all hunters using State-controlled hunting areas during the waterfowl season must have a **ONE-DAY PERMIT**—Available at TYPE A checking stations only, or a **NO-FEE ENTRY PERMIT** issued for that day accompanied by one of the following passes:

TYPE A TWO-DAY PASS—Available in advance from designated license agents and DFG offices. For use on TYPE A areas only. May be used by one person for any two hunt days or by two persons for the same hunt day.

TYPE A SEASON PASS—Available from designated license agents, DFG offices or at most TYPE A checking stations. This pass is nontransferable and may only be used by the person whose name appears on the pass for any available hunt day on any TYPE A or TYPE B area.

TYPE B SEASON PASS—Available in advance from designated license agents and DFG offices. This nontransferable pass may only be used by the person whose name appears on the pass for any available hunt day on TYPE B areas only. **PREPAID PASSES ARE NOT RESERVATIONS OR ENTRY PERMITS.**

(b) Area Regulations:

(1) Regional Manager's Authority:

The regional manager shall have the authority to regulate public use of State wildlife areas where such use is not provided for in these regulations or in sections 551 and 552 of this title.

(2) Entry Restrictions.

The department may limit the number of persons entering any area listed in section 550 or 551 of this title during any period for safety reasons, to reduce crowding, to provide for the limited take of a species, or may close portions of areas or close areas entirely to public entry or to specific activities. No person shall enter an area that has been closed to the public, except by written permission of the regional manager. On wildlife areas where entry and exit sites are designated by the department, no person shall enter or leave except at designated sites.

(3) Procedures for Issuing Entry Permits.

In the event that the department elects to limit the number of hunters, trappers, or other users, entry permits will be issued on a first-come, first-served basis, or by a drawing to be held at a designated department office. The department shall inform the commission in writing and the public via the news media of any implementation of the provisions of this subsection, when limits imposed under this subsection differ substantially for a specific area from the prior year. Such notification shall include: the State wildlife area affected, the time period, the reason for the limitation or closure, the number of entry permits to be issued, and the method of issuance.

(4) Permit Requirements.

No person shall enter any State wildlife area or portion thereof where the department has limited public entry without a valid entry permit in their immediate possession. [See subsections 551(f), (g), and (h) for regulations regarding general requirements and costs for individual entry permits. See subsection 551(q) for entry permit requirements for specific areas.] Upon leaving the State wildlife area, the permit must be completed and returned to the checking station, or drop box.

(5) Use Permits for Organized Events.

Any person organizing an event or gathering to be conducted on a State wildlife area shall obtain a use permit from the appropriate regional manager. Such events or gatherings shall be compatible with wildlife area objectives

(6) Motor Driven Vehicles.

(A) No person shall drive, operate, leave, place, or stop any motor driven vehicle or trailer on any State wildlife area except on public or established roads or on designated jeep trails and such other areas as designated by the Department. No person shall park or leave any motor driven vehicle or trailer in any area where signs prohibiting parking are posted. The Department may designate the parking lot where a person must park a vehicle while on the wildlife area.

(B) No person shall drive a vehicle carelessly in willful disregard of the rights or safety of others, or without due caution or at a speed or in a manner likely to endanger any person, property, or wildlife.

(7) Signs, Traffic and Road Closures.

(A) Drivers of motor driven vehicles operated within the wildlife areas shall comply with the directions of traffic signs posted in the area by the department.

(B) No person shall damage, remove, or destroy any barrier, sign, signpost, or signboard on any wildlife area.

(8) Boats.

(A) The department may restrict the use and operation of boats on State wildlife areas, department administered national wildlife refuges, and State recreation areas to protect natural resources or provide for the orderly operation of hunting and fishing programs on these areas. Boating restrictions may include, but not be limited to, limiting boat speeds, limiting motor size and type, or prohibiting the use of motors. During the times waterfowl are present, the provisions of Section 251 of this Title will also apply.

(B) Except as prohibited in subsection 551(q), boats may be used under the following regulations on State wildlife areas, department administered national wildlife refuges, and State recreation areas.

1. When launch sites are designated by the department, all boats must be launched and removed from those sites.

2. All persons shall remove their boats from the waters when instructed to do so by an employee of the department.

3. The use of boats may be restricted to certain zones designated by the department.

4. Boat speed shall not exceed five miles per hour.

(9) Vandalism and Litter.

(A) No person shall tamper with, damage, or remove any property not his own when such property is located within a State wildlife area.

(B) No person shall leave, deposit, drop, bury, or scatter bottles, broken glass, feathers, hides, wastepaper, cans, sewage, or other rubbish in any State wildlife area except in a receptacle or area designated for that purpose, and no person shall import and deposit any rubbish or toxic substance into State wildlife areas from other places. Where no designated receptacles are provided, any refuse resulting from a person's use of the area must be removed from the area by such person.

(10) Trees and Minerals.

(A) No person shall dig up, cut, damage, or remove from a wildlife area any trees, shrubs, vines, plants or wood, except that vegetation may be cut and used for the purpose of building blinds, unless otherwise directed by the area manager.

(B) No person shall dig up or remove any humus, soil, sand, gravel, or rock.

(11) Bottles and Artifact Collecting.

No person shall collect or remove bottles or artifacts, or dig or otherwise disturb the soil to locate or remove bottles or artifacts, from any Wildlife Area.

(12) Camping and Unattended Personal Property.

No person shall camp in any part of a State wildlife area except in areas designated by the department. (See subsection 551(q) for additional camping restrictions on specific areas). Camping on wildlife areas shall be limited to not more than seven consecutive days, and not more than 14 days total in any calendar year, except by written permission of the Regional Manager. Personal property may not be left on State wildlife areas for camping or other purposes, except at authorized locations. Decoys may not be left in the field overnight, except as provided

in subsection 551(q). Any hunting blinds on wildlife areas shall be available on a first-come, first-served basis.

(13) Fires.

From April 30 through October 30 on Type C areas, and during the entire year on Type A and B areas, no person shall build or maintain fires except in portable gas stoves, in charcoal briquette barbecues, or in fireplaces at sites developed by the department. No fire shall be left unattended and all fires shall be extinguished with water before leaving. (See subsection 551(q) for additional fire restrictions.)

(14) Use of Dogs and Field Trials.

The department may prohibit or restrict the use of dogs on any State wildlife area (see subsection 551(q)). Except as further prohibited in subsection 551(q), dogs are allowed only for hunting or when under immediate control. Dogs must be leashed at designated campsites and check station areas. Special permits are required for field trials. Dog training is allowed only in areas designated by the department.

(15) Pesticides Use.

No person, other than authorized federal, state, or local employees conducting a pest control program approved by the department, shall apply any pesticide in any State wildlife area.

(16) Livestock.

No person shall permit livestock, including but not limited to cattle, horses, sheep, goats, and hogs, to browse, graze, bed, cross, or otherwise trespass on any State wildlife area except under an authorized grazing permit issued by the department. The recreational use of horses is allowed, except as designated in subsection 551(q). Persons who fail to remove their livestock from any State wildlife area within 48 hours after receiving official notice of trespass by the regional manager through certified mail, shall be in violation of this section.

(17) Fish and Frogs.

Fish and frogs may not be taken for commercial purposes (see subsection 551(q) for specific area regulations).

(18) Hunting and Trapping.

Hunting and trapping shall be allowed on State wildlife areas during the regular open seasons subject to subsection 550(b)(19), 551(b), and 551(q), and such other area use regulations as specified by the regional manager.

(19) Special Restrictions.

(Areas where hunting and possession of firearms and archery equipment is prohibited).

No person, except authorized personnel, shall

possess or discharge a firearm, bow and arrow, air or gas gun, spear gun, or other propulsive device of any kind in the following areas: Battle Creek, Crescent City Marsh, Elk Creek Wetlands, Eureka Slough, and Hill Slough wildlife areas; Cordelia Slough and Montezuma Slough management units of Grizzly Island Wildlife Area; White Slough Unit of Napa-Sonoma Marshes Wildlife Area; and Day Island, Green Point, Novato Creek, Point Sonoma, and Rush Creek units of the Petaluma Marsh Wildlife Area.

(20) Possession and use of Alcohol.

No person shall possess or use alcohol while in the field hunting or engaged in other authorized recreational activities on any State wildlife area or Federal wildlife refuge. For the purpose of this section, "in the field" is defined as all areas except checking stations and designated parking areas.

551. Hunting, Firearms, and Archery Equipment Use and Permit Requirements on State and Federal Areas

(a) The following regulations apply to areas listed below:

(1) State wildlife areas listed in Section 550. (See subsection 550(b)(19) for areas where possession and use of firearms and archery equipment are completely prohibited.)

(2) Areas operated in cooperation with the U.S. Fish and Wildlife Service (for additional regulations for Federal areas, see Section 552):

- (A) Colusa National Wildlife Refuge, Type A (Colusa County);
- (B) Delevan National Wildlife Refuge, Type A (Colusa County);
- (C) Kern National Wildlife Refuge, Type A (Kern County);
- (D) Merced National Wildlife Refuge, Type A (Merced County);
- (E) Sacramento National Wildlife Refuge, Type A (Glenn and Colusa counties);
- (F) San Luis National Wildlife Refuge, Type A (Merced County), including the San Luis, Kesterson, West Bear Creek, Freitas, and Blue Goose Units;
- (G) Sonny Bono Salton Sea National Wildlife Refuge, Type A (Imperial County) (operated with the Imperial Wildlife Area);
- (H) Sutter National Wildlife Refuge, Type A (Sutter County).

(3) Areas operated in cooperation with other Federal agencies:

- (A) Baldwin Lake, Type C (San Bernardino County);
- (B) Volta Wildlife Area, Type A (Merced County);

(21) Ejection.

The department may eject any person from a State wildlife area for violation of any of these rules or regulations or for disorderly conduct, intoxication, or when a department employee determines that the general safety or welfare of the area or persons thereon is endangered. The decision, in such respect, of any department employee assigned management or enforcement responsibilities for the area shall be final.

(22) User Responsibility for Knowing Regulations.

All wildlife area users shall be responsible for area-specific regulations listed under subsection 551(q). Failure to comply with any of the area-specific regulations shall be a violation of this subsection.

(C) Lake Sonoma Wildlife Area, Type C (Sonoma County).

(4) Areas operated in cooperation with other State agencies:

- (A) Lake Earl Project Area, Type C (Del Norte County) (Unclassified land administered by the Department of Parks and Recreation);
- (B) O'Neill Forebay Wildlife Area, Type C (Merced County);
- (C) San Luis Reservoir Wildlife Area, Type C (Merced and Santa Clara counties);
- (D) Little Panoche Reservoir Wildlife Area, Type C (Fresno County);
- (E) Perris Reservoir State Recreation Area, area day use fee (Riverside County).
- (F) Clifton Court Forebay, Type C (Contra Costa County).

(b) Method of Take.

(1) Firearms and Archery Equipment, General: Except as otherwise provided, no person shall possess in the field or discharge a firearm, bow and arrow, air or gas gun, or other propulsive device of any kind on any wildlife area (see section 551(b)(9)).

(2) Except as otherwise provided, no shotguns larger than twelve gauge and no rifles, pellet guns, combination rifle-shotguns, pistols, archery equipment, or revolvers shall be possessed in the field or discharged on any Type A or Type B areas. All legal firearms and archery equipment may be used on Type C areas unless prohibited (see subsection 551(q)).

(3) Shotgun shells shall not contain shot size larger than size BB in lead and size T in steel. On those areas where big game species may be hunted, shotguns with slugs may be used.

(4) At Grizzly Island Wildlife Area and on all national wildlife refuges listed in Section 552, only steel or other nontoxic shot approved by the U.S. Fish and Wildlife Service may be used or possessed in the field.

(5) Archery equipment shall not be used during the waterfowl and pheasant seasons on Type A and B areas, unless provided for in subsection 551(q).

(6) Loaded firearms, as defined in Section 2006 of the Fish and Game Code, are prohibited in the parking lots on all wildlife areas and on national wildlife refuges listed in Section 552.

(7) On Type C areas, raptors may be used to take legal game in accordance with general hunting regulations.

(8) On Type A and B state wildlife areas, raptors may be used to take legal game only from the first Saturday following the end of the general waterfowl season through the end of the falconry pheasant season. Raptors may be used only on Saturdays, Sundays, and Wednesdays.

(9) Except as otherwise provided, an adult-supervised youth may possess and discharge a BB gun on any wildlife area. A BB gun is not an authorized method of take and may not be used to take wildlife on any wildlife area. A BB gun is defined as an air and/or spring-actuated rifle similar to Daisy BB gun models 95 (Timberwolf), 105 (Buck), or 1938 (Red Ryder), firing a spherical BB no longer than 0.177 inches in diameter (4.5mm) at a muzzle velocity no greater than 350 feet per second. For the purpose of this section a youth is defined as a person under the age of 16.

(c) Nonhunting Uses of Firearms and Archery Equipment:

(1) Except at designated shooting sites or with a special permit, possession in the field and use of firearms and archery equipment is permitted only for the purpose of hunting on all wildlife areas and on national wildlife refuges listed in Section 552.

(2) No glass or porcelain targets shall be used on any wildlife area. Clay targets shall be used only at designated sites where their use is permitted.

(d) Hunting Days:

(1) Except as provided for in subsection 551(q), waterfowl may be taken on Type A and Type B areas only on Saturdays, Sundays, and Wednesdays.

(2) All Type A and Type B areas shall be closed to hunting on Christmas Day, except for the following Type B areas: Island Slough and

Gold Hills units of Grizzly Island Wildlife Area. These areas will be open to hunting on Christmas Day when Christmas occurs on a Wednesday, Saturday, or Sunday.

(3) On Type C areas, shooting days shall be daily except as noted in subsections 551(b) and 551(q).

(e) Shooting Hours

Waterfowl: Except as provided for in subsection 551(q), shooting hours on all Type A and Type B areas shall be the legal waterfowl shooting hours as designated by the U.S. Fish and Wildlife Service. Other Species: Except as noted in subsection 551(q), other species may be taken only during the hours designated for the taking of each species under the regulatory powers of the Fish and Game Commission or U.S. Fish and Wildlife Service.

(f) Requirements for Entry Permits and Trespass

No person shall enter upon any area listed in sections 550 or 551 of this Title where the department requires a valid daily entry permit without the required entry permit in their immediate possession, or unless otherwise authorized by the department. Entry or exit must be made at locations designated by the department. Daily entry permits are required to hunt during the waterfowl and pheasant seasons on Type A and B areas. During this period daily entry permits must be returned to the checking stations where issued within one and one half hours after sunset unless otherwise designated in 551(g). Daily entry permits also may be required at other times on Type A and B areas or on Type C areas (see subsection 551(q)).

(g) Season Pass, Two-day Pass, and Entry Permit Fees:

(1) To obtain a daily entry permit to hunt during the waterfowl and pheasant seasons on Type A areas, possession of a season pass, a two-day pass, or payment of a daily fee is required, except as provided in subsection 551(q).

(2) The base fee for a Type A season pass is \$75 and the base fee for a Type B season pass is \$25. These fees shall be adjusted annually, as required under Fish and Game Code Section 713. Holders of junior hunting licenses are exempt from these fees.

(3) On Type B areas during the waterfowl and pheasant seasons, a Type B season pass or a Type A season pass is required to obtain a daily entry permit for all hunting, unless otherwise provided in subsections 551(q) or 551(1)(3).

(4) The fee for a one-day entry permit is \$12 and the fee for a two-day pass is \$20. Holders of junior hunting licenses are exempt from these fees.

(5) At State recreation areas included in subsection 551(a)(4), the entry permit fee for hunting shall be the recreation area day-use fee.

(6) On Type C areas (all wildlife areas not listed as Type A, Type B, or State recreation areas in Section 551), no fees for hunting are required.

(7) On some areas (see subsection 551(q), day use passes are required for all public access. Fees may be charged (see Fish and Game Code Section 1765).

(h) Issuance of One-day Entry Permits:

(1) Hunters with season passes shall not receive priority in the issuance of daily entry permits over hunters who do not have season passes.

(2) Holders of junior hunting licenses will be issued entry permits only when accompanied by an adult. An adult is defined as a person at least 18 years old. An adult may be accompanied by up to two junior hunters. On Type A and B areas, adults must accompany junior hunters in the field. On Type A and B areas when a non-shooter accompanies a junior hunter, the non-shooter will be considered a hunter possessing valid resident or nonresident hunting license in establishing his or her place in line. Persons 16 or 17 years of age in possession of a valid resident or nonresident hunting license will be issued entry permits and may hunt by themselves, but may not be accompanied by junior hunters.

(3) Entry permits must be returned, as required by the department, when departing the area. Hunters are required to report the number and species of all game taken, as required by the Department, before departing the area.

(4) No person shall apply for, obtain, use, or have in his or her possession while hunting, any one-day entry permit which has not been issued to that person by the department or which is a duplicate, forgery, or alteration of an official department form; or which has been obtained by use of a non-validated or fraudulent application or advance reservation form. Any person who violates this section shall be barred from all State-operated areas for one calendar year following the date of discovery of the violation by the department.

(5) Any person who violates regulations governing drawing procedures for hunting opportunities on State-operated areas, other than reservation drawings described in subsection 551(j), shall not be issued a permit for that day, or shall be ejected for that day if a permit has been issued, and shall be denied entry for the remainder of the season.

(i) Daily Entry Permit Revocations, Refusals, and Ejections:

On Type A and Type B areas the department is authorized to refuse to issue a one-day entry permit to anyone and to revoke this permit and eject the holder forthwith from the area for disorderly conduct, intoxication, or for any other reason when it appears that the general safety or welfare of the area, or persons thereon, is endangered. Decision of the Department employee assigned management or enforcement responsibilities for the area in such respect shall be final. Any person whose entry permit has been revoked shall not be entitled to hunt or access any State operated hunt area or on any wildlife area for one calendar year from the date of discovery. Persons affected by this section may appeal such actions to the Commission.

(j) Reservations:

(1) Advance reservations for waterfowl and pheasant hunting will be available for certain areas as specified under subsections 551(q) and 552(a).

(2) Reservations shall be issued by drawing to licensed hunters as follows: Official applications shall be made available to the public through license agents and department offices. Applicants shall purchase either a \$1.05 application card or a \$5.25 application card and submit it to the Department's License and Revenue Branch at the address indicated on the application. Applicants may also apply for every available Saturday, Sunday, and/or Wednesday hunt date for one or more areas by completing a season-long application card and returning it with the appropriate payment to the License and Revenue Branch. Applications must be received in the License and Revenue Branch office at least 17 days prior to the authorized shoot date on which the applicant wishes to hunt. Late, incomplete, or incorrect applications will not be included in the drawing.

(3) Multiple Applications:

(A) The applicant is limited to one application for each area for each authorized shoot date as specified under subsections 551(q) and 552(a), unless otherwise specified in subsection 551(q).

(B) The department may eliminate from any drawing all applications not in compliance with these regulations. Persons who submit more than one application for the same shoot date for the same area may be barred from hunting on State-operated areas for a period of one year following the date of discovery of the violation by the department. Any reservation issued to any person as a result of such improper submission, or to any person already barred from the State-

operated areas, shall be void and of no force and effect.

(4) **Priorities:** Unless otherwise stated on the reservation or on information mailed with the reservation, upon paying the appropriate fee for a one-day entry permit or presenting a two-day pass or season pass, successful applicants shall be granted a one-day entry permit during the waterfowl or pheasant season, a one-day permit shall be granted, however, only if the applicant's reservation was issued by the department in the applicant's name and is for the area requested. Applicants must enter, at the appropriate checking station on the assigned or stated hunt date. Unless otherwise provided for, the reservation will expire one and one-half hours before waterfowl shoot time. For some areas, reservations will be numbered by the department in the order in which they are drawn. These reservations will be accepted at checking stations in that order, only if the reservation holder is present at the time the number is called.

(5) Except as provided for in subsections 551(j)(6) or 551(q), or Section 552, a reservation shall assure entry for up to six persons. No more than two may be adult (see subsection 551(h)(2)) hunters who have valid resident or nonresident licenses and no more than two may be persons 16 or 17 years of age in possession of a valid resident or nonresident hunting license (see subsection 551(h)(2)). Each adult may be accompanied by up to two hunters holding junior licenses or two non-shooters irrespective of age, or one of each. Non-shooters are defined as persons who wish to accompany a permittee in the field or remain at a designated parking space. Non-shooters shall not discharge or possess ammunition or a firearm on the area.

(6) If hunting a special blind area, a reservation will assure entry of no more persons (adult hunters, junior hunters, and/or nonshooters) than will fill the blind.

(7) Unless otherwise provided for in this section, the advance reservation system only serves to assure entry onto the area and does not necessarily constitute a method for prioritization over other users.

(k) Deferred Openings:

When the department considers such deferment desirable to protect agricultural crops from waterfowl, it is hereby authorized and directed to defer opening to public access any area until in the opinion of the Department the danger of crop damage in the immediate region is abated.

(l) Species Allowed:

(1) On Type A and Type B areas, only ducks, geese, coots, moorhens, and snipe which are then in season may be legally taken by permittees

on designated shooting days during the open waterfowl hunting season; unless otherwise provided under this section or Section 552 of these regulations.

(2) **Pheasant Hunting:** Pheasant hunting shall be permitted as provided for in subsection 551(q) and Section 552. The regional manager may authorize junior pheasant hunts during or outside the general pheasant season.

(3) **Hunting on Type C areas General:** Except as provided for in subsection 551(q), hunting is permitted for each authorized species allowed to be hunted on each area, during the open season of that species.

(4) **Turkey Hunting:** Turkey hunting shall be permitted as provided for in subsection 551(q) and Section 552. The regional manager may authorize junior turkey hunts on state wildlife areas during the regular season.

(m) Assigned Hunting Zones:

In order to assure proper hunter dispersal and to promote safety, the Department may subdivide the open hunting portion of any Type A or Type B area into zones and assign hunters to these zones or designate where hunters shall park.

(n) Posting Closed Areas:

Any portion of any State wildlife area and any adjoining lands under control of the Department, may be closed to hunting or public access by the Department by posting such lands with signs at least five (5) to the mile.

Checking Station: Waterfowl and dove: During waterfowl season and for the opening day of the early dove season, the checking station will start issuing permits to reservation holders two hours before shooting time. **Reservations** must be presented at the checking station by one hour before shooting time. **Reservations** will expire at this time. Hunters without reservations may register in person at the checking station between 6:00 and 9:00 p.m. the evening before each hunt day for a lottery drawing to be held shortly after 9:00 p.m., to establish the order of issuance of permits to fill vacancies after reservation holders on the morning of the hunt. At this time lotteries will also be held for Volta WA and Merced NWR. Hunters may only sign up for a lottery draw on one of these areas. Each potential hunter including juniors (if accompanied by a responsible adult) must register in person to participate in the lottery. A hunting partner does not have to be present for the registration, nor be a lottery participant. For "free roam" areas, each lottery number may allow entry of up to six persons including the person that was issued the valid lottery number. No more than two may be hunters who have adult licenses. In blind areas, each lottery number may allow entry of up to the capacity of the available blinds. If a person's name appears more than once in the drawing, he will be eliminated from the draw and will not be allowed to hunt that day. Persons arriving after the 9:00 p.m. lottery registration deadline will be added to the list on a first-come, first-served basis. Persons signing in on the first-come, first-served list must sign in as a party or as an individual. All hunters entering on the same reservation, lottery number or when signing in as a party on the first-come, first-served list must hunt the same hunting assignment.

Pheasants: On non-waterfowl hunt days, quotas will be filled on a first-come, first-served basis. **Checking station** will start issuing permits at 7:00 AM.

During the waterfowl and pheasant season, no permits will be issued after 3:00 p.m.

Blinds: There are a maximum of 18 two-person general use blind sites, and 3 two-person junior

blinds in Zone 6. There are also 5 sets of double barrel blinds that are not regulated. Two platform blinds are accessible to wheelchair users. These blinds are issued on a first-come, first-serve basis to persons with verified disabilities. Persons who require these facilities should report to the checking station immediately upon arrival to the area. Blinds will be held for persons with disabilities until 2:00 p.m., at which time they will be open to general use. There are 10 two person blinds in the Mud Slough Unit junior area. **Daily Hunter Capacity:** Los Baños Wildlife Area: Up to 150 during waterfowl and pheasant season; up to 300 during the early dove season. **Mud Slough Unit:** Open for up to 12 parties, made up of junior hunters and their adult partners during waterfowl and pheasant season. (69) Volta Wildlife Area (U.S. Bureau of Reclamation Lands)

Type A area 3004 acres

Location and Access: Approximately ¼ mile north of Volta on Ingomar Grade. From Highway 152, take Highway 33 north to Santa Nella, or from Interstate 5 take the Santa Nella exit and proceed south on Highway 33; turn east on Henry Miller Avenue, travel 4 ½ miles, turn left over the railroad tracks and then left again and proceed north about ¼ mile on Ingomar Grade Road. From Los Baños, proceed west on Highway 152 for approximately 3 ½ miles to Volta Road; turn north (right) on Volta Road and proceed 3 miles. Turn left at stop sign; proceed about ¼ mile; turn right over railroad tracks and turn left; proceed approximately ¼ mile on Ingomar Grade Road. The area is accessed by foot only except for waterfowl and pheasant hunting. Area is open to small game hunting, fishing, nature study, and related activities. **Reservations:** Available during waterfowl and pheasant seasons. **Checking Station:**

Permits will be issued to reservation holders starting two hours before waterfowl shooting time. **Reservations** must be presented at the checking station by one hour before waterfowl shooting time. **Reservations** will expire at this time. Hunters without reservations may register in person at the Los Baños Wildlife Area checking station between 6:00 and 9:00 p.m., the evening before each hunt day for a lottery drawing to be held shortly after 9:00 p.m., to establish the order of issuance of permits to fill vacancies after reservation holders on the morning of the hunt. Each potential hunter including juniors (if accompanied by a responsible adult) must register in person to participate in the lottery. A hunting partner does not have to be present for the registration, nor be a lottery participant. For "free roam" areas, each lottery number may allow entry of up to six persons including the person that was issued the valid lottery number. No more than two may be hunters who have adult licenses. If a person's name appears more than once in the drawing, he will be eliminated from the draw and will not be allowed to hunt that day. Persons arriving after the 9:00 p.m. lottery registration deadline will be added to the list on a first-come, first-served basis, by the order they are parked at the Volta checking station. Persons signing in on the first-come, first-served list must sign in as a party or as an individual. All hunters entering on the same reservation, lottery number or when signing in as a party on the first-come, first-served list must hunt the same hunting assignment. No permits will be issued after 3:00 p.m. **Daily Hunter Capacity:** Limited up to 150 during waterfowl season and 50 on pheasant hunt days when there is no duck hunting. Only six parties will be allowed with boats with a maximum of four persons per boat. Boats will be launched at the bridge at the corner of field 26, and vehicles will be returned to parking lot 1. During waterfowl season, 12 spaces are available for long term parking of trailers, by special drawing. Limited space is available for overnight parking. For information, phone (209) 826-0463.

(A) Method of Take Restrictions: Limited to shotguns and archery equipment. A hunter shall not possess more than 25 shot shells while in the field during the waterfowl season, except on days when only upland game may be taken, and on special "youth only" waterfowl hunt days when there shall be no restrictions on the number of shells taken into the field.

(B) Hunt Days: Waterfowl: Saturdays, Sundays, and Wednesdays during open seasons. Pheasants: Every Saturday, Sunday, and Wednesday during the pheasant season when the pheasant season occurs during the same period as waterfowl season. Other Authorized Species: Daily from July 1 through September 15, and from the beginning of waterfowl season

through March 31 when in season, except that hunt days are restricted to waterfowl and pheasant hunt days during the waterfowl and pheasant season

(C) Authorized Species: Waterfowl, snipe, coots, moorhens, pheasants, and rabbits. Rabbits may not be taken during the waterfowl season.

(D) Camping and Trailers: Allowed at checking station parking lot during waterfowl season only. Boat trailers are permitted beyond the checking station for the purpose of launching boats at designated areas. Permit holders may drive to designated parking areas during waterfowl and pheasant hunt seasons only. Stopping vehicles between designated parking areas to drop off passengers or hunting equipment is prohibited, except vehicles may be driven past parking lot 1 to launch boats.

(E) Special Restrictions: Closed to all public use from September 15 until the beginning of waterfowl season, except for fishing in the Volta Wasteway Channel. From September 15 through the Saturday following the end of waterfowl season, fishing is restricted to the Volta Wasteway Channel for a distance of one mile downstream of Ingomar Grade. The wildlife area is closed to all nonhunting uses during the waterfowl season. The cutting of woody stemmed plants is prohibited. Blinds may not be constructed or covered with plant material brought from outside the wildlife area.

(F) Reservation and Entry Permits: A type A permit is required for entry to hunt during the waterfowl and pheasant hunt seasons. All other users must self register at the fishing access booth. Persons entering together on a reservation will receive the same hunting assignment.

(G) Except during waterfowl and pheasant seasons, when hunting permittees are allowed to drive to designated parking areas, vehicle access is not allowed. Hunters may enter or exit only at designated locations. Stopping vehicles between designated parking areas to drop off passengers or hunting equipment is prohibited.

From Merced, travel south seven miles on Highway 59 to Sandy Mush Road, then west (right) nine miles on Sandy Mush Road to the checking station. From Los Baños, travel east on Highway 152 to the junction of Highway 59, then north (left) seven miles to Sandy Mush Road, then west (left) nine miles to checking station. Blinds: Fourteen double blinds, and three triple blinds including two goose pits. The goose pits will not open until the 3rd Saturday in November.

Reservations: Available during waterfowl season.

Checking Station: Permits will be issued to reservation holders starting two hours before shooting time. Reservations must be presented at the checking station by one and one-half hours before shooting time. Reservations will expire after this time. Hunters without reservations may register in person at the Los Banos Wildlife Area checking station between 6:00 and 9:00 p.m., the evening before each hunt day for a lottery drawing to be held shortly after 9:00 p.m., to establish the order of issuance of permits to fill vacancies after reservation holders on the morning of the hunt. Each potential hunter including juniors (if accompanied by a responsible adult) must register in person to participate in the lottery. A hunting partner does not have to be present for the registration, nor be a lottery participant. Each lottery number may allow entry of up

to the capacity of the available blind. If a person's name appears more than once in the drawing, he will be eliminated from the draw and will not be allowed to hunt that day. Persons arriving after the 9:00 p.m. lottery registration deadline will be added to the list on a first-come, first-served basis. Persons signing in on the first-come, first-served list must sign in as a party or as an individual. All hunters entering on the same reservation, lottery number or when signing in as a party on the first-come, first-served list must use the same hunting assignment. The daily quota of hunters shall be filled by reservation, lottery and first-come, first-served hunters, and there will be no refilling of vacancies when hunters leave the area. No one will be checked in after starting shoot time. Hunters must check out of the area by 1:30 p.m.

Other Laws Related to Hunting

Definition of Take.

"Take" means hunt, pursue, catch, capture, or kill or attempt to hunt, pursue, catch, capture, or kill. (Fish and Game Code Section 86.)

Warning. The Fish and Game Code provides that the Fish and Game Commission shall revoke the hunting privileges of any person who is convicted of three violations of the state's hunting laws or regulations within any five-year period.

Access and Trespass

Access to some lands and waters may be controlled by owners or administering agencies of private lands, Indian lands or reservations, waters impounded by dams, and other lands and waters. Also county ordinances may control the use of lands and waters administered by the county. In all cases it is advisable to check with the landowner or the administering agency for current regulations and to determine whether entry permits are required to be obtained for hunting or fishing on such lands. Hunters must obtain written permission from landowners before entering private property.

TRESPASS: If the land you hunt on is not your own, it belongs to someone else. Make sure you have a legal right to be there. Contact the owner or person who administers the property, and secure written permission to hunt. A hunting license does not entitle you to enter private property. "It is unlawful to enter any lands under cultivation or enclosed by a fence, belonging to, or occupied by, another, or to enter any uncultivated or unenclosed lands, including lands temporarily inundated by waters flowing outside the established banks of a river, stream, slough, or other waterway, where signs forbidding trespass are displayed at intervals not less than three to the mile along all exterior boundaries and at all roads and trails entering such lands, for the purpose of discharging any firearm or taking or destroying any mammal or bird, including any waterfowl, on such lands without having first obtained written permission from the owner of such lands, or his agent, or the person in lawful possession thereof. Such signs may be of any size and wording, other than the wording required for signs under Section 2017, which will fairly advise persons about to enter the land that the use of such land is so restricted." Section 2016, Fish and Game Code.

DISCHARGING FIREARMS OR OTHER DEADLY WEAPONS

It is unlawful for any person, other than the owner, person in possession of the premises, or a person having the express permission of the owner or person in possession of the premises, to hunt or to discharge while hunting, any firearm or other deadly weapon within 150 yards of any occupied dwelling house, residence, or other building or any barn or other outbuilding used in connection therewith. The 150-yard area is a "safety zone." (See Section 3004, Fish and Game Code.)

PUBLIC ROAD OR OTHER WAY OPEN DEFINED

"Public road or other way open", particularly, with respect to safety regulations, includes any roads, dirt or otherwise, trails, open fields, parking lots, etc., open to public access.

PROHIBITION ON LOADED RIFLE OR SHOTGUN IN VEHICLE

It is always unlawful to: Place on, or carry or possess a loaded rifle or shotgun in any vehicle or conveyance or its attachments which is standing on or along or is being driven on or along any public highway or other way open to the public. A rifle or shotgun shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell in the firing chamber but not when the only cartridges or shells are in the magazine.* The provisions of this section shall not apply to peace officers or members of the armed forces of this state or the United States, while on duty or going to or returning from duty. Fish and Game Code Section 2006.

***NOTE: Hunters should be aware that subdivisions (a) and (g) of Section 12031 of the Penal Code provide that:**

(a) Except as provided in subdivision (b), (c) or (d), every person who carries a loaded firearm on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or in any public place or on any public street in a prohibited area of unincorporated territory is guilty of a misdemeanor.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

LITTER

It is unlawful to deposit, permit to pass into, or place where it can pass into the waters of the state, or to abandon, dispose of, or throw away, within 150 feet of the high water mark of the waters of the state, any cans, bottles, garbage, rubbish, or the viscera or carcass of any dead mammal, or the carcass of any dead bird. (Section 5652, Fish and Game Code.)

SAFETY

It is always unlawful to: Place on, or carry or possess a loaded rifle or shotgun in a vehicle or conveyance or its attachments on any public road or other way open to the public; Hunt while intoxicated; Shoot at any game bird from a powerboat, sailboat, motor vehicle, or aircraft while under power or still moving from use of sail or motor (See Section 251); Shoot any firearm from or upon a public road or highway.

FIREARMS

It is always unlawful to: Fail to send a complete written report to the Department within 48 hours after killing or wounding while hunting, any human being, or domestic animal belonging to another, or after witnessing such killing or wounding; Use a shotgun larger than 10 gauge; Use, for the taking of any game bird, a shotgun capable of holding more than three shells in the magazine and chamber combined; Use or possess shotshells containing shot size larger than No. BB in lead or No. T in steel when hunting migratory game birds; Use shot that is not loose in the shell for taking resident small game and migratory game birds; Possess a machine gun, silencer, shotgun with barrel less than 18 inches in length, or rifle with barrel less than 16 inches in length.

PARKS AND REFUGES

It is unlawful to hunt in any National Park or Monument, in State of California Beaches and Parks or Monument areas, or in any State Game Refuge, or to shoot into such an area any weapon capable of taking any bird.

Possess in any State Game Refuge any bird or mammal or part thereof, or any weapon capable of taking any bird. However, possession of firearms or bows and arrows by persons traveling through game refuges on a public highway or other public thoroughfare or right of way is permitted when the firearms are taken apart or encased and unloaded, and the bows are unstrung. National Parks and Monuments have special regulations regarding the possession of weapons, game and the running of hunting dogs. Check with federal officials before entering these areas.

TAGS AND LICENSES

It is always unlawful to: Hunt any game bird or mammal without having the required licenses, tags and/or stamps in possession; Change, mutilate, or transfer any license, tag, or stamp; Have in possession while hunting any license belonging to another person.

GAME RESTRICTIONS

It is always unlawful to: Use any light to assist in taking any game bird or game mammal; Sell or barter game taken under authority of a hunting license.

RESPECT FOR AUTHORITY

It is always unlawful to damage other's property while hunting.

Chapter 1. General Provisions and Definitions

250.5. Shooting Time.

In these orders whenever a specific clock time is mentioned, such time is meant to be legal California time for the date specified: i.e., during the days when California is on Pacific Daylight Saving Time, Pacific Daylight Saving Time is intended; when California is legally on Pacific Standard Time, Pacific Standard Time is intended. When reference is made to sunrise or sunset time, such reference is to the sunrise or sunset time at the location of the hunter.

251. Pursuing or Shooting Birds and Mammals from Motor-Driven Air or Land Vehicles, Motorboats, Airboats, Sailboats or Snowmobiles.

(a) General Prohibition: No person shall pursue, drive, herd, or take any bird or mammal from any type of motor-driven air or land vehicles, motorboat, airboat, sailboat, or snowmobile, except:

(1) When the motor of such motorboat, airboat, or sailboat has been shut off and/or the sails furled and its progress therefrom has ceased, and it is drifting, beached, moored, resting at anchor, or is being propelled by paddle, oar or pole.

(2) When used by the landowner or tenant of private property to drive or herd game mammals for the purpose of preventing damage to private property.

(3) Pursuant to a license from the department issued under such regulations as the commission may prescribe (see subsection 251(b) below).

(b) Mobility Disabled Persons Motor Vehicle License

(1) Applications: Applications for a Motor Vehicle Hunting License for mobility disabled persons shall be on a form supplied by the Department (Application for Mobility Impaired Disabled Person Motor Vehicle Hunting License, WPD-251). The application shall include the applicant's name, address, physical description, a description of the qualifying disability, and a certified statement from a licensed physician describing the applicant's permanent disability. It shall be unlawful for any person to falsify an application for a Motor Vehicle Hunting License.

(2) Terms of the License: The Motor Vehicle Hunting License shall specify conditions under which said license shall be used and shall include but not be limited to the following provisions:

(A) The licensee shall be accompanied by an able bodied assistant who shall immediately retrieve, and tag if necessary, all game taken. (Possession of the licensee's tag, required by in this subsection, shall not be considered an unlawful possession of a tag or license issued to another person).

(B) The assistant shall not possess a firearm, crossbow, or archery equipment unless he/she is a licensed hunter and possesses any necessary license or tag for the area being hunted. The assistant shall not discharge a firearm or release a bolt or an arrow from the vehicle. If licensed, the assistant may dispatch wounded game which has moved out of range of the licensee.

(C) The vehicle must be stopped and the engine must be shut off prior to the licensee discharging the firearm or releasing a bolt from a crossbow or an arrow from archery equipment.

(D) The licensee shall notify the Department, at the regional office having responsibility for the area where the licensee intends to hunt, at least 48 hours prior to hunting or contact the department's 24-hour dispatcher at the number indicated on the license. The licensee shall specify the locality, vehicle description, and the

approximate time frame during which such hunt shall take place.

(E) The licensee or assistant shall not pursue any animal or drive or herd animals to any other hunters with a motor vehicle.

(F) This license does not grant permission to trespass on private property or permission to use a motor vehicle while in any area where the use of motor vehicles is restricted or prohibited.

(G) This license does not grant permission to discharge a firearm in any place or manner that would otherwise be unlawful, or to possess a loaded firearm in violation of any other city, county or state law.

(H) The licensee shall have the license in possession while hunting from a motor vehicle.

(3) License Fee: A license fee of \$25.00 as adjusted annually pursuant to Section 713 of the Fish and Game Code, shall be charged for processing and issuing the Mobility Impaired Disabled Person Motor Vehicle Hunting License. Licenses shall be issued only by the Director or his/her designee. Licenses shall be permanent and have no expiration date.

251.1. Harassment of Animals.

Except as otherwise authorized in these regulations or in the Fish and Game Code, no person shall harass, herd or drive any game or nongame bird or mammal or furbearing mammal. For the purposes of this section, harass is defined as an intentional act which disrupts an animal's normal behavior patterns, which includes, but is not limited to, breeding, feeding or sheltering. This section does not apply to a landowner or tenant who drives or herds birds or mammals for the purpose of preventing damage to private or public property, including aquaculture and agriculture crops.

251.5. Game Birds, Game Mammals, Furbearers and Nongame Animals, Possession Of.

(a) Migratory game birds may not be held beyond the period provided by the federal regulations and in accordance with the daily bag and possession limits prescribed by these regulations. (See section 500.)

(b) Live mountain lions may be possessed only under terms of a permit issued by the Department pursuant to section 2150 of the Fish and Game Code or if the owner can demonstrate that the mountain lion was in his/ her possession on or before June 6, 1990 under a permit issued pursuant to section 3200 of said code.

(c) Every game bird, game mammal, furbearer or nongame animal taken under the authority of a hunting or trapping license and reduced to possession by the hunter or trapper shall be immediately killed and become a part of the daily bag limit.

251.7. Possession, Transportation and Importation of Game Birds.

(a) No person may possess game birds taken in this state in excess of the daily bag and possession limits. The exception to this is for the purpose of transportation, cleaning, storage (including temporary storage), shipment, or taxidermy services, where an individual may possess game birds taken by another hunter provided that they are tagged by the hunter who has lawfully taken them. The tag must contain the hunter's name, address, hunting license number, kinds and numbers of game birds taken, date and location of kill, and signature.

(b) Migratory game birds, except band-tailed pigeons, transported within California must have a fully feathered wing or head attached while being moved from the place where taken to a personal abode or commercial preservation facility. Doves must have a fully feathered wing attached.

(c) Migratory game birds imported into California shall be accompanied by a declaration of entry as prescribed in Section 2353 of the Fish and Game Code.

(d) Only one possession limit of migratory game birds may be possessed per individual after the close of the season for that species.

252. Bag and Possession Limit Defined.

"Bag and possession limit" means the daily bag limit of each kind of resident and migratory game birds, game mammals and furbearing mammals which may be taken and possessed by any one person unless otherwise authorized.

258. Season Defined.

"Season" means that period of time during which resident and migratory game birds, game mammals and fur-bearing mammals may be taken. All dates are inclusive.

260. Prohibition Against Taking Other Than Migratory Game Birds and Quail in Picacho State Recreation Area.

Notwithstanding any other provisions of these regulations, in Picacho State Recreation Area only migratory game birds and quail may be taken or possessed as prescribed in Sections 301, 500, 501 and 502 of these regulations.

260.1. Prohibition Against Hunting Other Than During September-January on Providence Mountains State Recreation Area.

Notwithstanding any other provisions of these regulations, in Providence Mountains State Recreation Area hunting is permitted only during the period September 1 to January 31.

260.2. Hunting Restrictions on Lake Oroville State Recreation Area.

Game species may be taken on the Lake Oroville State Recreation Area only as follows:

(a) No hunting of any type is permitted between February 1 and September 14 except for wild turkeys only, during the spring turkey hunting season as provided in Section 306 of these regulations.

(b) No waterfowl or deer hunting is permitted at any time.

(c) Game species may be taken only during their respective open seasons or portions thereof falling within the period September 15 through January 31; and as provided in (a) above; and as otherwise provided by state Parks and Recreation area regulations (see area regulations).

260.3. Prohibition Against Taking Other Than Migratory Game Birds on San Luis Reservoir State Recreation Area.

Notwithstanding any other provision of these regulations, in San Luis Reservoir State Recreation Area, only migratory waterfowl may be taken or possessed as prescribed in Section 502 of these regulations.

260.4. Prohibition Against Taking Other Than Waterfowl and Resident Small Game on Perris Reservoir State Recreation Area.

Notwithstanding any other provision of these regulations, in Perris Reservoir State Recreation Area only waterfowl and resident small game may be taken or possessed as prescribed in Section 551 of these regulations.

260.5. Prohibition Against Taking Other Than Waterfowl, American Coots, Common Moorhens and Common Snipe Within Harry A. Merlo State Recreation Area.

Notwithstanding any other provision of these regulations, in Harry A. Merlo State Recreation Area, only waterfowl, American coots, common moorhens and common snipe may be taken or possessed as prescribed in Section 502 of these regulations.

Nondiscrimination

"Any person excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any program of the California Department of Fish and Game, on the grounds of age, race, national origin, disability, religious or political affiliation, color, sex, ancestry, marital status or sexual orientation should contact the nearest regional office of the department or its headquarters in Sacramento, California 95814, telephone (916)653-4711. In addition, you may contact the U.S. Equal Employment Opportunity Commission, Washington, D.C. 20506 or a local EEOC office listed in your phone directory under U.S. Government."

Special Closures

262. Prohibition Against Hunting on Portions of Frank's Tract State Recreation Area.

That portion of Frank's Tract State Recreation Area lying southwest of the following line is closed to hunting: Beginning at a point on Little Frank's Tract 2,000 feet north of the Piper Slough; southeast 2,000 feet east of the Piper Slough levee to the junction of the Holland Island levee.

FGC 3681. Humboldt Bay

This section applies the Humboldt Bay area on Mondays, Tuesdays, Thursdays, and Fridays. See game warden before shooting on these days:

"In Districts 8 and 9, it is unlawful to take ducks or geese in any manner below the incoming or outgoing tidewater's edge or from any blind, boat, floating device, island, islet, or exposed tidal flat except on Saturdays, Sundays, Wednesdays, holidays and the opening and closing days during the prescribed open season except that the use of boats is permitted to retrieve crippled or dead birds."

In addition, hunters should be aware that there is a special waterfowl closure for south Humboldt Bay.

11016. Fish and Game District 8.

The following constitutes Fish and Game District 8: The waters and tidelands to high-water mark of Humboldt Bay lying north of a straight line running east from the center of apron at the approach of the south jetty at the entrance of Humboldt Bay to the east shore line of the bay including the entrance of Humboldt Bay not included in District 7, and excluding all rivers, streams and sloughs emptying into the bay.

11017. Fish and Game District 9.

The following constitutes Fish and Game District 9: The waters and tidelands to high-water mark of Humboldt Bay lying south of a straight line running east from the center of apron at the approach to the south jetty at the entrance of Humboldt Bay to the east shore line of the bay, excluding all rivers, streams and sloughs emptying into the bay.

Federal Regulations

In addition to State Regulations, these Federal rules apply to the taking, possession, transportation and storage of migratory game birds:

Restrictions: No person shall take migratory game birds:

—From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).

—By the use or aid of live decoys.

—Using records or tapes of migratory bird calls, or sounds, or electrically amplified imitations of bird calls.

—By the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement). See more detailed information elsewhere in this book.

Closed Season: No person shall take migratory game birds during the closed season.

Field Possession Limit: No person shall possess more than one daily bag limit while in the field, or while returning from the field to one's car, hunting camp, etc.

Wanton waste of migratory game birds: No person shall kill or cripple any migratory game bird pursuant to this part without making a reasonable effort to retrieve the bird, and retain it in his actual custody, at the place where taken or between that place and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging, or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility. Shipment: No person shall ship migratory game birds unless the package is marked on the outside with: (1) the name and address of the person sending the birds, (2) the name and address of the person to whom the birds are being sent, and (3) the number of birds, by species, contained in the package.

Importation: For information regarding the importation of migratory birds killed in another country hunters should consult 50 CFR 20.61 through 20.66. One fully-feathered wing must remain attached to all migratory game birds being transported between the port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required in 20.63), drawn, and the head and feet are removed. No person shall import migratory game birds belonging to another person. Migratory Bird Hunting and Conservation Stamp: The law requires that each waterfowl hunter of 16 years of age and over must carry on his person a valid Migratory Bird Hunting and Conservation Stamp, or duck stamp, signed in ink across the face.

CAUTION: More restrictive regulations may apply to National Wildlife Refuges open to hunting. For additional information on Federal regulations, contact U.S. Fish and Wildlife Service, 2800 Cottage Way—Room E-1924, Sacramento, CA 95825. Telephone (916) 414-6660 and/or U.S. Fish and Wildlife Service, Division of Law Enforcement, 370 Amapola Avenue, Suite 114, Torrance, CA 90501 (310) 328-1516.

Additional Federal Regulations Regarding Possession and Transportation of Migratory Game Birds

Sec. 20.34 **Opening day of a season.** No person on the opening day of the season shall possess any freshly killed migratory game birds in excess of the daily bag limit, or aggregate daily bag limit, whichever applies.

Sec. 20.36 **Tagging requirement.** No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage. Note: State tagging regulations (Section 251.7 on page 69 of these regulations) require additional information.

Sec. 20.37 **Custody of birds of another.** No person shall receive or have in custody any

migratory game birds belonging to another person unless such birds are tagged as required by Sec. 20.36.

Sec. 20.38 **Possession of live birds.** Every migratory game bird wounded by hunting and reduced to possession by the hunter shall be immediately killed and become a part of the daily bag limit. No person shall at any time, or by any means, possess or transport live migratory game birds taken under authority of this part.

Sec. 20.39 **Termination of possession.** Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.

Sec. 20.40 **Gift of migratory game birds.** No person may receive, possess, or give to another, any freshly killed migratory game birds as a gift, except at the personal abodes of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating such hunter's address, the total number and species of birds and the date such birds were taken.

Sec. 20.42 **Transportation of birds of another.** No person shall transport migratory game birds belonging to another person unless such birds are tagged as required by Sec. 20.36.

Sec. 20.43 **Species identification requirement.** No person shall transport within the United States any migratory game birds, except doves and band-tailed pigeons (*Columba fasciata*), unless the head or one fully feathered wing remains attached to each such bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

State regulations require a fully-feathered wing on each dove. See section 251.7 of these regulations.

ATTENTION HUNTERS!

FEDERAL REGULATIONS RELATED TO BAITING

Federal regulations prohibiting hunting over bait for migratory game birds are incorporated by reference into State regulations pursuant to Section 509, Title 14, California Code of Regulations. Penalties for violating these regulations are severe. Persons may be fined up to \$15,000 and be sentenced to six months in jail if convicted of hunting over bait and be fined up to \$100,000 as an individual or \$200,000 as an organization and be sentenced to one year in prison if convicted of placing bait. Simply stated, it is unlawful to take any migratory game bird by the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited. The regulations provided below, for the benefit of hunters, are taken from the Code of Federal Regulations (CFR). Information on all federal bait regulations, including those pertaining to agricultural planting, harvesting or post harvest manipulation may be obtained from the U.S. Fish and Wildlife Service by telephone at (916) 414-6660. Excerpts from 50 CFR Part 20, Migratory Bird Hunting Regulations Regarding Baiting and Baited Areas, Sections 20.11(j)-(l) and 20.21(i)(1) and (2) read as follows:

20.11(j) Baited area means any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all such salt, grain, or other feed.

(k) Baiting means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

(l) Manipulation means the alteration of natural vegetation or agricultural crops by activities that include but are not limited to mowing, shredding, disking, rolling, chopping, trampling, flattening, burning, or herbicide treatments. The term manipulation does not include the distributing or scattering of grain, seed, or other feed after removal from or storage on the field where grown.

(m) Natural vegetation means any nonagricultural, native, or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years of planting is considered natural vegetation.

20.21 (i) By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited. However, nothing in this paragraph prohibits:

(I) the taking of any migratory game bird, including waterfowl, coots, and cranes, on or over the following lands or areas that are not otherwise baited areas.

(i) Standing crops or flooded standing crops (including aquatics); standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice;

(ii) From a blind or other place of concealment camouflaged with natural vegetation;

(iii) From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or

(iv) Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

(2) The taking of any migratory game bird, except waterfowl, coots and cranes, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

Avian Influenza

Avian influenza is typically a bird disease. Wild birds are a natural reservoir for avian influenza viruses, most of which do not present a threat to either the wild birds or to humans. Occasionally, a strain of avian influenza will mutate into what is classified as a highly pathogenic variety (HPAI) which means the virus causes high mortality (death) in domestic chickens. In even rarer instances, an avian influenza virus will mutate and affect humans.

About H5N1 strain

The HPAI H5N1 avian influenza currently occurs in Asia, Africa, India, and Europe, but not in North America. It is primarily transmitted from bird to bird through contact with infected bird secretions, feces (bird manure), and contaminated water or food. HPAI H5N1 has infected humans who have had intense, close contact with infected sick or dead birds, almost exclusively poultry. The only potential transmission of HPAI H5N1 from a wild bird to human as of September 1, 2006 appears to be from wild swans being de-feathered in Asia.

The HPAI H5N1 virus could enter North America by several means. Most experts believe that it would most likely arrive through the movement of infected poultry, legal or illegal importation of contaminated birds or bird products, or, lastly, through migratory waterfowl and shorebirds. In conjunction with other states, federal agencies, and private organizations, the California Department of Fish and Game is currently monitoring for this and other diseases in wild birds throughout the Pacific Flyway. Other agencies are regulating the movement of domestic poultry and monitoring commercial poultry operations.

What you need to do

Good hygiene is always important when handling food. The following suggestions are precautions that hunters should follow normally when hunting and processing game meat:

- Do not handle birds that are obviously sick
- Keep your game birds cool, clean, and dry
- Place birds in washable container for transport (ice chest that can be sanitized)
- Wash hands with soap and water or alcohol wipes before eating, smoking, drinking and after dressing birds
- When cleaning game, use a cleanable work space, properly dispose of feathers/innards, and use disposable gloves
- Clean all tools and surfaces immediately afterward; use hot soapy water, then disinfect with a 10 percent chlorine bleach solution (1/4 cup bleach to 1 gallon water) or use Lysol concentrated disinfectant
- Clean clothes, boots, back of truck
- Cook game meat thoroughly (155-165°F) to kill disease organisms
- Use proper sanitary practices in the kitchen when handling raw meat (wash hands, counters and cookware thoroughly)

If you find dead birds, and they are:

Domestically-reared – call CA Dept. of Food and Agriculture at 800-491-1899

Single sick or dead wild birds (non-waterfowl) – use the West Nile Virus Hotline at 877-968-2473

Five or more dead wild birds – contact DFG at the local office listed on Page 2 of this booklet.

Single or multiple sick or dead wild waterfowl (ducks, geese, or swans) – contact DFG at the local office listed on Page 2 of this booklet.
